

WEEKLY JOURNAL-MINER

PIONEER PAPER OF ARIZONA

PRESCOTT, ARIZONA, WEDNESDAY MORNING, NOVEMBER 25, 1914.

FIFTY-FIRST YEAR

Russian Army Successful In Poland Battle

By Associated Press.

LONDON, Eng., Nov. 23.—The battle being fought in the region between the Vistula and Warta rivers in Poland seems to have turned in favor of the Russians. A special dispatch from Petrograd to Paris says the Russians have already won a decisive victory. While this may be exaggerated, the Russians and German official reports suggest that General Von Hindenburg's second thrust at Warsaw has been checked. Grand Duke Nicholas, commander-in-chief of the Russian forces announced partial successes for two days in succession in this great battle.

Tonight the German general staff says the arrival of Russian reinforcements postponed the decision on both sides and expressed the greatest confidence as to the outcome of this battle. Both Grand

Duke Nicholas and General Von Hindenburg have been so successful in their strategy that their adherents regard them as unbeatable.

German Denial.

BERLIN, Nov. 23. (by wireless)—Official reports issued at Constantinople and reaching here today tell of the continued successful Turkish advance on Batum, a Russian port on the Black sea.

The Austrians are again meeting resistance in Serbia but it is said that strong Austrian detachments have crossed the river Kolabar.

Special dispatches from Basel and Zurich declare that the English aviator who on Saturday failed in an attack on the Zeppelin factory at Friedrichshafen flew over Swiss territory.

TWO DESTROYERS ARE SENT TO THE BOTTOM

ONE SUNK IN COLLISION WITH DANISH STEAMER AND OTHER RAMMED BY BRITISH SHIP

LONDON, Nov. 23.—The Secretary of the Admiralty announced that the German submarine, U-18, which was reported off the north coast of Scotland this morning, was rammed by a British patrolling vessel and foundered.

An Exchange Telegraph, Copenhagen dispatch says the Danish steamer Anglodane collided last night in Oresund with the German torpedo boat destroyer, S-124, which foundered. Two German sailors were rescued seriously injured but later died. The remainder of the destroyer's crew was drowned.

2,000 GO BACK TO WORK.
KOKOMO, Ind., Nov. 23.—Two thousand men, who have been idle the past three months, returned to work today at the mills of the Kokomo Steel and Wire Co. The concern has booked European orders that will keep the mills running full time until next spring.

COLORADO ABLE TO PRESERVE THE PEACE

DENVER, Nov. 23.—Colorado is now prepared to reassert her sovereignty in the coal mining districts which have been occupied by federal troops for nearly seven months.

This is the opinion of the executive committee appointed to act as an advisory committee to Gov. Ammons, expressed in their report last night.

The report suggests that the governor issue a proclamation commanding every person in the state to obey the law; that the militia must be respected if it should become necessary to use them again, and that the prohibition of the sale of liquor and firearms be continued.

SLOWING DOWN.

William Haftline, who is in the city from Flagstaff, reports all the big lumber mills as slowing up in production, and the forces as being curtailed. It is expected that normal conditions will prevail in the spring.

CHOIR SINGER IS HELD FOR MINE ROBBERY

ACCUSED OF STEALING GOLD PRECIPITATE VALUED AT \$20,000; DEPUTY SHERIFF INVOLVED

By Associated Press.

LOS ANGELES, Nov. 23.—Winfield Scott, the San Bernardino deputy sheriff, accused with Clarence Loyst, a choir singer, of having robbed a mine at Dale of approximately \$20,000 in gold precipitate, was arrested at San Bernardino. Scott was implicated in a statement made by Loyst last night after his arrest. Loyst said the robbery occurred Tuesday and declared Scott planned it. The mine is the property of a coterie of capitalists, headed by Charles M. Schwab, the steel magnate.

BOY IS VICTIM OF THE BORDER WARFARE

By Associated Press.

NACO, Tex., Nov. 23.—Another name was added to the long list of casualties on the American side of the border when Carlos Valenzuela, a three-year-old Mexican boy, was shot in the head and fatally wounded, bringing the total American casualties to 33, two of the number being dead and two dying.

Violent Attacks Without Results

By Associated Press.

PARIS, Nov. 23. (Tonight's official)—"As yesterday there was cannonading in the north in the direction of Scissions and Rheims. In Argonne there were violent attacks by both sides without results."

WILL CONTEST.

WASHINGTON, Nov. 23.—What promises to be one of the most notable will contests ever fought out in the district courts came up for trial today. The contest is over the estate of Stilson Hutchins, millionaire newspaper owner and philanthropist, who died in 1912, leaving an estate estimated at \$3,000,000. Lee Hutchins, one of the sons is contesting the will. He alleges mental incapacity and undue influence. On the death of Mr. Hutchins three wills were filed. The contest is over the will of latest date, under the provisions of which Mr. Hutchins left to his widow 35 per cent of his estate and a like share to his eldest son, Walter Stilson Hutchins. The son, Lee Hutchins, who is contesting the will, was to have 20 per cent and a granddaughter 10 per cent. It is expected the trial will occupy the court at least two months.

REACH SUEZ CANAL.

CONSTANTINOPLE, Nov. 23.—Turkish troops have reached the Suez canal, according to an official communication issued here today. The statement says: "Fighting has occurred between Katus and Teatebe, thirty kilometers east of the Suez canal. Several English officers and many soldiers were wounded and taken prisoners."

AERIAL RAID.

LONDON, Nov. 23.—It was officially announced this afternoon that the British aviators who on Saturday raided the Friedrichshafen Zeppelin station report positively that all bombs thrown by them reached their destination and that serious damage was done the Zeppelin factory.

WAVES ROAR REQUIEM IN THEIR EARS

Schooner Ashore On Duxbury Reef

PASSENGERS AND CREW DOOMED TO CERTAIN DEATH; VESSELS ARE UNABLE TO AID ON ACCOUNT HEAVY SURF

By Associated Press.

SAN FRANCISCO, Nov. 23.—Advices early tonight from steamers standing by the passenger schooner Hanalei, ashore on Duxbury reef, a few miles north of here, state that two bodies had come ashore and the back of the vessel has been broken. There is little hope of saving the remaining 56 persons, passengers and crew, still aboard.

As the night fell darkness added its pall to the dense fog prevailing and the relief vessels withdrew to deep water to escape the danger of striking the rocks, which stud that section of menacing coast. Lifeboats from the station at Fort Point and Point Bonita remained, trying vainly to succor those aboard the doomed craft. The sea is comparatively calm but the surf at that point is always heavy. It was this the rescue force had to work against to get within aiding distance of the schooner.

Shortly after sunset the fog thinned momentarily and from the wireless station at Bolinas the Hanalei was glimpsed. It was seen that the vessel was broken near the center and on her tilting decks the passengers and crew were grouped clinging to the masts and rails.

Five members of the crew of life savers, trying to reach the Hanalei were drowned tonight. Two of the Hanalei's crew were drowned late today trying to make their way through the surf with lines. Two of the passengers managed to swim to safety. The lives of the fifty-five other men and women clinging to the boat, hang in the balance.

RISKS OWN LIFE TO SAVE MAN FROM HARM

MRS. MASSING IN HER BUICK CAR DISPLAYS CLEVER AND COOL ACTION AT CRITICAL TIME

(From Tuesday's Daily.)

Several people who were loitering around the S. F. P. & P. depot yesterday forenoon report a most remarkable performance of clever handling of an auto by Mrs. John Massing, and commend her cool action at a time when it seemed as if a tragedy could only be averted by a miracle.

Mrs. Massing was driving her Buick car to the west of the building, when an aged Mexican man, came out of the alley, appearing to be in a dazed state. Man and machine would have come together had not the woman acted promptly and courageously by shifting the steering gear toward a big post that was anchored in the ground with guy wires attached to hold in position the electric lighting utilities several feet away. Instead of plunging ahead, the car was shifted as between the two, the man or the big post, and this nervy woman, sent the auto into the latter. The car was

BOLSTERING UP CASE AGAINST COPPER

BRITISH GATHERING STATISTICS TENDING TO SHOW WHERE METAL IS GOING

By Associated Press.

WASHINGTON, Nov. 23.—To successfully maintain her right to secure or detain American copper cargoes carried in American or other neutral vessels to neutral countries, Great Britain apparently finds it necessary that there be established a probability that the copper is actually destined to Germany, Austria or Turkey. Statistics are being gathered by the British showing a marked increase in the imports of copper at certain neutral ports as one means of establishing this probability.

TO SERVE TIME FOR DEPORTING MINERS

By Associated Press.

DEER LODGE, Mont., Nov. 23.—Muckie McDonald and Joe Bradley, the former president and vice-president of the Butte Mine Workers Union were brought to the state prison here to serve sentences of three and five years respectively, imposed Saturday at Boulder for the deportation of Butte miners last August.

Figuring Way To Reduce Expenses

By Associated Press.

WASHINGTON, Nov. 23.—The president is giving careful attention to means for reducing government expenses next year because of the European war, aiming toward a budget system to co-ordinate expenditures and income.

EMBARGO REMOVED.

WASHINGTON, Nov. 23.—The lifting of the quarantine against Canada because of the prevalence there of foot and mouth disease is regarded by the officials of the department of agriculture as an encouraging evidence that they are now on the "outside of the disease." This means, says a formal statement issued here today, that there are good grounds for believing that the quarantine already established has proved sufficient to stop the movement of all infected cattle and that the disease can now be held within the quarantine limitations already established.

ABOUT WELL.

(From Tuesday's Daily.) "Happy" Tinkler of the Ruffner Plaza garage, had a letter Sunday from Matthew Hoover, an employee of the same garage, stating that the latter was rapidly improving in the hospital at Los Angeles, where he went some two weeks ago to undergo an operation. He is able to sit up and said he would probably be discharged and come home in about three weeks.

ACCUSED OF MURDER.

MUNFORDVILLE, Ky., Nov. 23.—A special session of the circuit court convened here today for the purpose of trying C. L. Pendleton, under an indictment charging him with the murder of A. B. Franklin, a deputy sheriff of Metcalfe county. The case was brought here on a change of venue from Metcalfe county.

smashed and badly damaged, but a human was saved from serious injury, if not instant death.

Mexican Flag Again Flying At Vera Cruz

By Associated Press.

VERA CRUZ, Nov. 23.—The Mexican flag is again flying over Vera Cruz. Brigadier General Funston and his command of 6,000 marines and infantrymen, which landed here April 30th, got under way this afternoon and General Candido Aguilar and his men assumed charge of the city. The United States transport Cristobal, bearing the first contingent of the American brigade, left the dock at 1:50 o'clock homeward bound. Evacuation was effected without any clash between the Americans and the native army. The Mexicans marched in on the heels of the departing Americans but there were no disturbances.

To Dispatch Warship.

HAVANA, Nov. 23.—On the receipt of a cablegram from the Cuban

consul at Vera Cruz, stating conditions there were alarming and requesting a warship to protect Cuban citizens, President Menocal called a cabinet meeting which decided to send the cruiser Patria tomorrow. The flagship Cuba is expected from Santiago Thursday and she also will probably be sent to Vera Cruz.

Anxious for Their Safety.

WASHINGTON, Nov. 23.—Anxiety for the safety of French and British subjects and their interests in Mexico City brought Sir Cecil Spring-Rice, the British ambassador, and Jules Jusserand, the French ambassador, to the state department to learn what the American government knew of the situation in the Mexican capital. Reports to the state department showed conditions as improved.

Unendorsed Notes Booty Of Thieves

PHOENIX, Nov. 23.—The safe of the People's Lumber Company of Glendale was dynamited last night and the office wrecked by the explosion.

Promissory notes to the value of \$1,200 were taken and insurance policies, contracts and other valuable removed.

The robbery occurred about ten o'clock, and no trace of the perpetrators has been discovered. The office building was badly wrecked, and in addition to the notes and other papers the thieves secured a small sum in change which had been left in the desk of the manager, William Welgold, and an adding machine. Welgold is in the habit of removing all currency each night and thus saved the receipts of Saturday, which amounted to several hundred dollars. The checks were not endorsed and are therefore worthless to the thieves.

FIRES RAGING IN MANY PARTS OF ARKANSAS

By Associated Press.

LITTLE ROCK, Nov. 23.—The spread of forest fires, which have been raging in Arkansas for several days is indicated by late reports. The fires which started in the Ozark region are now burning virtually in every part of the state. No estimate of the loss has been made but it is known to be large. The greatest destruction is caused in lumber districts. No loss of life is reported.

RECEPTIONS CANCELED.

WASHINGTON, Nov. 23.—Formal announcement was made at the White House today that all state receptions and dinners by President Wilson during the winter will be abandoned on account of the death of Mrs. Wilson. The new year's reception is also canceled.

OFF FOR FAR EAST.

SAN FRANCISCO, Nov. 23.—Among the passengers sailing on the steamship Siberia today were sixteen women missionaries representing the Baptist denomination. The countries to which they are going are Japan, China, India, Burma, Assam and the Philippines.

EXCHANGE RE-OPENS.

CLEVELAND, Nov. 23.—The Cleveland Stock Exchange, which has been closed since the commencement of the war in Europe, was re-opened for business today. For the present the trading is to be confined to local securities.

NEW AUTO LAW WILL INCREASE REVENUE

CALIFORNIA MUST PAY ON CUBIC CAPACITY OF CYLINDERS INSTEAD OF BORE ALONE

By Associated Press.

SACRAMENTO, Nov. 23.—Many automobile owners must pay a higher tax in 1915 because the tax will be based on the cubic capacity of the motor cylinders instead of on the bore alone. The state estimates there will be an increase of \$150,000 in revenue. The method is to equalize taxation, the long stroke motor paying on its true horsepower.

ON TECHNICALITY.

NEW YORK, Nov. 23.—William Rockefeller the Standard Oil millionaire, today petitioned the federal court to dismiss the indictment charging him and twenty other former directors of the New York, New Haven & Hartford Railroad Company with a criminal violation of the Sherman law. Rockefeller charged that the clerk who drew the grand jury panel is a resident of New Jersey, which is not in this federal district.

COLD IS COMFORT OFFERED BY REDFIELD

PHOENIX, Nov. 23.—A reply to Gov. Hunt's telegram asking that the United States government use its efforts to have the order declaring copper a contraband of war lifted, was received today from William C. Redfield, secretary of commerce and labor at Washington.

"I fully appreciate the seriousness of conditions that the war has brought on Arizona's leading product," said Redfield, "and would like to find a remedy, but the whole matter is international, and action will have to be taken between this government and foreign powers."

The declaring of copper as a contraband of war prevents its shipment to neutral ports.

COPPER.

NEW YORK, Nov. 23.—Electrolytic, \$12.50.
